We also provide the following accessible services at all our voting locations:

2. Voters can request a transfer to another voting location that better meets their accessibility needs. The request must be made before election day at the returning office.
3. Voters may bring a friend or support person to assist with marking their ballot.
4. Voters may use their mobile phones as an accessibility device.
5. We provide magnifiers.
6. We provide ballot templates with Braille numbering and cut outs.
7. Voters may book an American Sign Language Interpreter or Intervenor through the Canadian Hearing Society or the Canadian National Institute for the Blind. Elections Ontario will cover the cost.
8. Service animals are permitted in returning offices, satellite offices and in voting locations, unless excluded by law.
9. All our voting locations meet our Site Accessibility Standards.
10. And, we teach our election officials how to provide customer service in an accessible manner.

Vote by home visit

You can choose to request a home visit if:

- you are unable to go to the returning office because of a disability,
- you are unable to read or write,
- you are unable to complete an application form, and/or
- you are someone who requires assistance.

To request a home visit, contact your returning office. You can find returning office information on your Voter Information Card, by using our Voter Information Service or by contacting us.

Two election officials will then bring an application form and a blank write-in ballot to your home to assist you in voting.
